Re: Stiles, David Lee**March 1, 2010****Page 2****Background:**

As the Court may recall, David Stiles has a long-history of poly-substance abuse. On December 15, 2009, a home visit was conducted. The undersigned officer discovered a bottle of liquor maintained in the offender's bedroom closet. At that time, Mr. Stiles indicated that he kept the bottle in the closet so his teenage daughter would not have access. Upon questioning the offender's wife, it was determined that the offender's use of alcohol and psychotropic medication had increased, of late. Consequently, the offender was referred for a chemical dependency evaluation and instructed to follow all treatment recommendations. The treatment provider did not recommend counseling following the aforementioned evaluation. Mr. Stiles was verbally reprimanded and warned against consuming alcohol excessively and with his medication.

U.S. Probation Officer Action:

As an intermediate sanction, David Stiles was verbally reprimanded and directed to abstain from the use of controlled substances while under supervision. In addition, he was immediately referred to Pioneer Human Services for chemical dependency treatment. Additionally, the frequency of urinalysis testing was increased effective immediately. The undersigned officer invited the offender to consider participation in the Sobriety Treatment and Education Program (STEP).

Your Honor, it is hoped that the intermediate sanction imposed meets your expectations. The undersigned officer remains convinced the offender is amenable to treatment efforts. However, in the event you choose to have a warrant or summons issued, please advise and the undersigned will prepare the appropriate petition and present it for your signature.

I declare under penalty of perjury that the foregoing is true and correct.
